The CJCC received 8 FOIA requests from the same individual during FY20. All but one of the requests were for records that the CJCC did not have in its possession, such as copies of the requester’s medical records; descriptions of active criminal investigations being conducted by local and federal law enforcement agencies; and descriptions of CJCC’s relationships with federal, state and local entities (e.g., Los Angeles Public Library) with which the CJCC does not have an established relationship.

Responses to questions 27 and 28 are a reflection of time spent by CJCC’s Deputy Executive Director (8 hours at an hourly rate of \$75.44) and Policy Analyst (4 hours at an

hourly rate of \$47.57) when reviewing the requests, determining whether relevant records existed, and responding to the requests.

DACL timely responded to six of the seven FOIA requests it received during FY20. The seventh was more resource-intensive and as a result, DACL took significantly more time to respond as permitted by the 2020 legislation that tolled District agency FOIA deadlines during the public health emergency.

DBH processed forty-two (42) FOIA requests this fiscal year. Despite the Coronavirus Support Congressional Review Emergency Amendment Act of 2020 FOIA deadline extension, DBH processed the majority of its FOIA requests within fifteen (15) business days. Most DBH FOIA requests were submitted by private individuals for documents such as provider incident reports, contracts and expenditure reports. DBH also processed FOIA requests from media organizations and advocacy organizations.

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

* = Consistent with the Coronavirus Support Temporary Amendment Act of 2020, these figures do not include days of a COVID-19 closure.

**= A significant number of these requests initially were denied due to the pendency of certain investigations; when the circumstances that justified the withholding of those documents changed, we produced responsive documents not otherwise exempted from disclosure. Despite our initial denials, these requests have been counted as “pending” for purposes of question 2 to the extent they were received prior to October 1, 2019, and the time-frames for processing these requests for purposes of questions 25 and 26 include days during which FOIA exemptions precluded production of these documents.

In FY 2020, the District, like many other parts of the country and around the world,

was severely affected by the COVID-19 pandemic and consequent office closures to help safeguard public health and safety. Pursuant to section 808 of the Coronavirus Support Temporary Amendment Act of 2020, the 15- and 25-day timeframes to respond to FOIA requests were tolled during the days a public body remain closed due to COVID-19. Effectively, FOIA response times have been tolled from March 11, 2020, through the end of the fiscal year on September 30, 2020, with that tolling continuing due to the ongoing nature of the public health emergency. Nevertheless, to the extent it is feasible and safe to do so, the Council has continued to voluntarily process FOIA requests during the public health emergency, a fact that is reflected by the relatively high number of FOIA requests processed, and the relatively low number of FOIA requests still pending, as of September 30, 2020. In total, the Council has received 19 FOIA requests subsequent to the start of the public health emergency, of which it has processed and closed out 10. Further, when a requester requests both electronic documents and documents that require staff to search onsite, the Council has sought to fulfill the FOIA request on a rolling basis by providing the requester with the electronic documents and any other safely accessible documents, while holding in abeyance the remaining portions of the request that require staff to search onsite. Four of the 11 pending requests fall within this category of partially processed requests.

Additional challenges that the Council faced in processing FOIA requests this fiscal year included numerous broad requests that generated large search results and required coordination with multiple, and sometimes all, of the Councilmembers' offices and the continued growth of new communication tools, especially during this period of a prolonged work-from-home environment, all of which made it difficult at times for the Council to easily search, recover, and produce responsive documents.

Finally, in FY19, the Council received a record number of FOIA requests (118), 15 of which the Council had to continue processing into the early months of FY20. Of these requests, a significant number were initially denied due to the pendency of certain investigations, but nonetheless were identified as pending due to the Council's intention to fulfill those requests once the circumstances that led to the initial denial no longer appertained. All of these outstanding requests were resolved prior to the Covid-19 tolling period.

FOIA volume increased by approximately 5.2%. FOIA requests related to the COVID-19 pandemic were often complex. Legislation excluded March 11, 2020 through September 30, 2020 from the FOIA day count due to the public health emergency. 95.2% of FOIA requests were completed within 15 FOIA days. 97.6% of FOIA requests were completed within 25 FOIA days. The 2.4% of FOIA requests completed on or after the 26th FOIA day was the result of the FOIA Officer not having timely received responsive documents.

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

The FOIA document request that the Commission on the Arts and Humanities received and responded to in Fiscal Year 2020 (“FY20”) regarded an FY20 grant award that CAH made to an individual artist who (using her CAH grant award) created artwork, the full claimed ownership of which was challenged by two other artists who helped the involved grant recipient create the subject artwork. The grant recipient claimed that the two above-referenced other artists assisted her on a “work-for-hire” basis. The two other involved artists denied that they helped create the CAH-commissioned artwork on a “work-for-hire” basis.

In FY2020, DCHR processed 68 of the 73 FOIA requests it received or had pending from the previous fiscal year. DCHR experienced a 22% increase in FOIA requests from FY2019. During FY2020, the city experienced the COVID-19 public health emergency, and the Council passed emergency legislation that excluded the period of time during which the Mayor has declared a public health emergency for the COVID-19 pandemic for an agency to respond to a FOIA request. Notwithstanding the extension, DCHR worked as quickly as practicable to respond to requesters.

The majority of FOIA requests for FY20 were contract related. **QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT – DCPS ANNUAL FOIA REPORT
FY 2020**

DCPS continues to receive a considerable number of voluminous and complex requests, involving large email searches, documents, and data. In FY 20, DCPS processed 112 requests. Included this fiscal year were two very large and complex FOIA requests involving emails. DCPS has continued to maintain efficiency with the completion of requests by utilizing all available human capital resources, including one team member whose sole purpose is opening new requests and sending acknowledgment letters. The FOIA team also continued to engage DCPS employees who serve as POCs for FOIA requests. This engagement includes meetings to discuss complicated or voluminous requests and discussions to clarify the responsibility of agency staff in performing searches to respond to requests. The FOIA team continues to be proactive in providing requesters with periodic updates on the status of requests and in contacting requesters to obtain clarity on requests when necessary.

DCPS continues to implement a fee schedule and collected \$240.00 in fees in FY 20. However, DCPS also assessed \$2,280.00 in fees for FY 2020 that remain delinquent. DCPS maintains a list of delinquent requesters and requires advance payment for future FOIA requests in accordance with applicable law.

The median number of days to process requests increased from 16 for FY19 to 55.9 for FY20. DCPS attributes this to the two previously mentioned large email FOIA requests, plus one additional email FOIA request that have consumed an inordinately large amount of processing time. In addition, the remote work status during the pandemic and associated inefficiencies also contributed to increased response times. However, DCPS processed the majority of the requests received in FY 20 within the statutorily prescribed time limits. DCPS will continue to improve the ways in which resources are expended to achieve timely processing of all FOIA requests.

However, DHCD again received an increase in requests for warranty claim documents. DHCD also received a couple voluminous requests that caused a spike in its median. Most requests are filled in a timely manner in accordance with the statute.

DHCF and District agencies faced unique challenges with coordinating FOIA responses during this reporting period due to the ongoing public health emergency related to the novel coronavirus. DHCF strove to ensure that FOIA requests were still handled in a timely and responsive fashion despite the challenges presented by a dispersed staff that was working from home with limited access to their physical files.

The FOIA requests submitted to DHS are typically from individuals or entities who operate in the public interest, such as homeless or public assistance advocacy groups, as well as indigent DHS clients. Therefore, DHS waives its processing fees related to FOIA. It should be noted that for the FOIA requests which DHS denied in whole or in part resulted from more than one FOIA exemption, hence the duplicative totals in that column. Also, the COVID-19 shutdown did affect DHS’ response time and DHS did take advantage of the Mayor’s emergency legislation that extended FOIA response deadlines. Lastly, the hours devoted to processing FOIA requests and the dollar amount expended is skewed by one FOIA request (which is now being litigated in DC Superior Court) that involved reviewing and redacting over 20,000 e-mails for confidential and privileged client information.

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

A majority of DMPED’s FOIA requests received in FY 2020 were pending due to the modified work schedule caused by the COVID-19 pandemic. Most of the requests were email searches of agency-wide communications, which required significant time to receive the email search results and review the voluminous amount of records produced. The FOIA officer typically sent out requests for extensions, to allow a reasonable time to process the requests received. These factors made it challenging, and often impossible, for the FOIA Officer to operate within the statutory time frames, as currently mandated.

David M. Glasser and Ariel Reed were the FOIA Officers for FY 2020 reporting period. Compliance was good this year. The FOIA Officers have a good working relationship with the agency officials that most often assist in responding to FOIA requests. The DMV was able to respond within the initial 15-day period for a majority of the FOIA requests. In a number of cases, especially in instances of press inquiries, reports were required which took an extended period of time. In cases in which the 15-day response time was impossible a letter was sent to the requester. There were a number of requests for information and

explanations not contained in DMV records. The Department continued to receive requests for privileged information unique to motor vehicles, protected by federal and local statutes.

management of the Agency's FOIA. As a result, the Agency addressed a large backlog of cases, the majority of which were no longer active or needed according to the requestor.

Additionally, DOEE continued to receive a voluminous amount of requests during the COVID 19 Public Health Emergency. As has been the case for many years, the vast majority of FOIA requests received by DOEE are seeking simple records, such as underground storage tank or hazardous waste files. The turnaround time on these requests is minimal, hence the relatively low median number of days to process requests. Despite the Mayor's order tolling all deadlines, DOEE continued to respond to requests in a timely manner. The Agency receives some of the highest amounts of requests District-wide and is continuing to improve systems and processes to manage the high number of Agency hours necessary to respond promptly to public requests.

The data gathered for this response was extrapolated from the FOIAXpress Annual Report for October 1, 2019 through September 30, 2020. We found that while DPW processed and granted over 40 requests, 51 additional requests were deemed non-responsive due to no records found within the Agency. Therefore, it appears that many of the FOIA requests are submitted to DPW in error.

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

It appears that there were 22 FOIAS received and a total 29 processed (including 7 pending at start of FY20): 3 granted in full; 13 partially granted; 1 denied; and 1 withdrawn. There were 11 undocumented given the agency did not previously use FOIA-Express, and there has been a change in personnel. The average response time was 83 days. Questions 23 – 24 ask for increments not maintained by FOIA-Express. Hence, based on FOIA-Express, the agency has processed 1 FOIA within a day, 6 within 1-20 days, 3 within 21-40 days, and 19 within 41 or more days. The FOIA Officer works with other staff to pull and review documents, and roughly 4 FTE needed to process requests. Given changes in personnel, the average hours and costs cannot be identified at this time.

A majority of EOM's FOIA requests come from the news media and many involve large searches of emails of EOM employees. Requests for access to emails require lengthy OCTO searches, which requires the FOIA Officer to sort and redact only after OCTO produces documents in response to a request.

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

FEMS processed a large number of FOIA requests this fiscal year, despite several logistical obstacles. A staffing vacancy in the Information and Privacy Office left only one full-time employee (FTE) to process the majority of incoming requests from October 2019 until March 2020. In March 2020, an additional FTE was onboarded, but was immediately affected by the uncertainty of the pandemic. Due to the stay-at-home order and in accordance with the emergency FOIA legislation, FEMS temporarily halted processing FOIA requests while the Information and Privacy team devised digital solutions for remote operations. FEMS has worked to digitize its office processes and is working to clear all outstanding requests while maintaining employee safety during the pandemic.

The majority of HSEMA's FOIA requests continue to be requests for video from the District Department of Transportation's closed circuit television (CCTV) cameras. Since CCTV footage is automatically cleared 10 days after the date of capture and many requests for this footage come later than 10 days after the event, "no responsive record" is the disposition for the majority of our requests.

Additionally, due to HSEMA's role in the COVID-19 response efforts, including the emergency role of the HSEMA FOIA Officer, seven (7) FOIA requests submitted during FY20 were not able to be processed within the FY.

The DC Judicial Nomination Commission did not receive any FOIA requests in Fiscal Year 2020, and none were pending at the close of Fiscal Year 2019. As a result, no conclusions can be drawn from this data other than that, if no FOIA requests were received, no public funds or staff time was spent on responding to FOIA.

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

During Fiscal Year 2020, the Metropolitan Police Department (MPD) saw close to a 15% increase from the prior FY, in the total number of FOIA requests received. Despite this increase, MPD’s median processing decreased to 11 days for simple requests and 54 days for complex request. Of the requests completed in FY 20, MPD completed approximately 50% within the allowable timeframe. The significantly longer processing time for some requests has been attributed to the request having a voluminous number of responsive records, specifically requests for e-mails. Requests of this nature are released on a rolling

basis and then closed once all responsive documents have been released. Of the requests granted/denied in part, the dominating exemptions that were applied pertained to protection of personal privacy and ongoing open investigations. Additionally, of the BWC requests that were denied in full, the dominating exemptions were for ongoing open investigations.

It should be noted that the FOIA statute allows for a longer processing time schedule for Body Worn Camera (BWC) requests than the 15 day statutory time limit for FOIA requests. Because there is no option for MPD to parse out the longer processing time allotments for BWC on this report, the BWC processing times have been included in the totals provided.

In FY '20, OAG received slightly fewer FOIA requests than it received in FY 19. Due to the District government's COVID-19 emergency closure and the barriers to processing FOIA requests within the prescribed statutory timeframes, the COVID-19 Response Emergency Amendment Act of 2020 amended the FOIA statute to exclude the period of the District's emergency closure from being calculated in the processing time for FOIA requests. *All of OAG's pending FOIA requests on September 30, 2020 fall within the timeframe of the District government's emergency closure.

The Emergency Order resulted in FOIA requests being placed on hold in several instances. That backlog has been brought current with the median response time now less than 2.5 days. Almost all of the denials were for requests of OCME case files for individual decedents.

² The Request Age does not include Days on Hold under Emergency Order.

*Due to a technical missed or miscommunication, the agency’s FOIA officer was not updated in FOIA express. The change in FOIA officer occurred shortly before declaration of the Covid-19 state of emergency and FOIA tolling. As a result 4 FOIA requests were received in the interim period between FOIA officer reassignment and the Covid-19 tolling, and were unknowingly never directed to anyone at the agency. The average pending time for these 4 requests prior to the Covid-19 tolling is 28 days. A response has been sent to those pre-Covid FOIA requestors now that the agency FOIA Officer has been updated in the system. An additional 5 requests were received between the declaration of the state of emergency and the end of the fiscal year. To date, all outstanding requests have been acknowledged and be will be processed in accordance with the requirements and timelines prescribed by the Covid-19 FOIA regulations.

Many of the requests received by OCTO in FY 2020 involved records in the possession of other agencies, which requests were therefore referred to those specific agencies, or requests appropriately directed to OCTO but for which OCTO was not in possession of any responsive records. With respect to the requests for which OCTO had responsive records, five such requests were granted in full and two were either denied in full or in part, with the FOIA exemptions utilized being those of either deliberative process ((a)(4)) or personal privacy ((a)(2)).

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

Data on OHR’s operations, including the number of cases it receives and processes, is available on the agency’s annual reports at: <https://ohr.dc.gov/page/annualreports>.

OHR has a dedicated Open Government and DC Freedom of Information Act (FOIA) page on its website, including instructions for requestors, at: <https://ohr.dc.gov/page/opengovernment>.

The majority of FOIA requests OHR receives concern the agencies investigations, which are governed by the statutory requirements of the District of Columbia Human Rights Act (DCHRA). The DCHRA establishes that OHR’s investigations, including the identities of the parties, are confidential. Investigative records – including the identities of parties to discrete inquiries or cases – may only be made available to the parties to the investigation,

OHR, and the Commission on Human Rights (Commission), upon the final disposition of OHR's investigation. *See* D.C. Code § 2-1401.02(16); *see also* 4 DCMR §§ 723.1, 110.4.

During Fiscal Year 2020 (FY20), the public health emergency related to the COVID-19 pandemic affected agency operations during 7 out of 12 reportable months (March through September 2020). In the Mayor's March 13, 2020 Order declaring a public health emergency, the Office of Human Rights (OHR) entered a partial telework status. (Agency updates available here: <https://ohr.dc.gov/page/ohr-operations-continue-remotely>.)

OHR determines whether to claim statutory tolling based on the public health emergency on a case-by-case basis, in consideration of the type and volume of records sought and other relevant factors. OHR's investigative records are primarily kept in physical "hard copy" form. Most requests require the agency's custodian of records to perform a physical search of files located at OHR's office. Thus, OHR's remote operating status due to the public health emergency has impacted the agency's processing times as to requests seeking physical or "hard copy" records.

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

For fiscal year (FY) 2020, the OIG's median response time was 15 days. However, in light of the Covid-19 pandemic, D.C. Council passed the FOIA Tolling Emergency Declaration Resolution of 2020 (R23-0612), which tolled the response time from 15 to 45 days for the past eight months. In light of the change in law, the OIG has responded timely for all FOIA requests made during the past fiscal year. Despite the ongoing crisis, the OIG continues to strive to process all FOIA requests within 15 business days in accordance with the D.C. FOIA statute.

Only one response went beyond the initial 15 days and is still pending pursuant to Section 503 of the COVID-19 Response Emergency Amendment Act of 2020 due to pending review from another agency. Only one request was denied in full pursuant to D.C. Official Code § 2-534(a)(2), where requester sought personal information of DC government workers’ compensation claimants. The eight “Other dispositions” under “Disposition of FOIA Requests” include a requestor not responding to further clarification and ORM not having the requested documentation in its possession. In sum, all responses fell in compliance with the respective cited provisions of the Freedom of Information Act.

During COVID-19 Office of the State Superintendent continued to process FOIA requests within the statutory timeframes. We have continued to improve turnaround time for each FOIA request. While we still assert that the statutory time frames outlined under the FOIA statute are unfeasible; COVID-19 regulations have provided the agencies additional time to conduct thorough searches for records and process FOIA requests.

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

The relatively high number of unfilled FOIA requests pending as of the end of Fiscal Year 2020 are attributed to the Public Health Emergency, which began on March 11, 2020.

Furthermore, legislation enacted as a result of the current Public Health Emergency has changed the definition of “day” for FOIA purposes. Effective March 11, 2020, D.C. Code § 2-532 now defines “day” as “except[ing] Saturdays, Sundays, days of a COVID-19 closure, and legal public holidays[.]” All of the unfulfilled requests pending as of the end of Fiscal Year 2020 were lodged during “days of a COVID-19 closure[.]” Accordingly, as of December 18, 2020, legally, those requests have been pending for 0 days.

QUALITATIVE DESCRIPTION OR SUMMARY STATEMENT

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

DC PCSB received fewer FOIA requests in FY 2020 than in FY 2019, likely due to the actions of the Council in temporarily tolling FOIA response deadlines through its COVID-19 relief legislation. The requests received were also generally narrower in scope, with a few notable outliers. Accordingly, the number of staff hours devoted to processing FOIA requests was lower than last year. Even so, FOIA remains a significant stream of work for the agency; 583 staff hours is the equivalent of over 14 weeks of work for one full-time employee. All FOIA requests at DC PCSB are fulfilled by a staff attorney.

As of October 1, 2020, DC PCSB was processing eight outstanding requests. All of these requests were received during the initial COVID-19 closure; accordingly, 0 days, as defined in the statute, have elapsed for any of these requests.

Pursuant to section 208(a)(9) of the D.C. FOIA, provide in the space below or as an attachment, “[a] qualitative description or summary statement, and conclusions drawn from the data regarding compliance [with the provisions of the Act].”

Due to the COVID-19 pandemic, the Mayor declared that a public health emergency exists in the District through October 9, 2020. The COVID-19 Response Emergency Amendment Act of 2020, effective March 17, 2020 (D.C. Act 23-0247; 67 DCR 3093), and the Coronavirus Support Congressional Review Emergency Amendment Act of 2020, effective June 8, 2020 (D.C. Act 23-328; 67 DCR 7598) (“Emergency Act”), were enacted to address critical needs of residents and businesses during this emergency. Under the Emergency Act, the time periods for responding to FOIA requests pursuant to D.C. Official Code § 2- 532(c)(1) and D.C. Official Code § 2-532(d) are tolled, through October 9, 2020, which adds days of a COVID-19 closure, to days that count towards the period for agencies to respond to FOIA requests.

OAG FY 2020 FOIA LITIGATION REPORT

- a. Case Name/Number: *Kirby Vining v. District of Columbia*, (ANC-5E), Civ. No. 13-8189B
 - b. Exemption(s) Claimed: D.C. Code § 2-534(a)(2) (personal privacy); D.C. Code § 2-534(a)(4) (deliberative process)
 - c. Disposition of Case: Open. The District did not prevail on its exemption claim. On November 3, 2015, the Court granted Plaintiff's motion for attorney's fees and costs and awarded him \$65,241 in fees and costs of \$880.90, for a total of \$66,121.90. Both parties appealed from this judgment on November 30, 2015. On December 20, 2018, the Court of Appeals reversed the fee award and remanded to the trial court to reconsider Plaintiff's request for fees for the first phase of the litigation and out-of-pocket expenses incurred for legal travel, secretary costs, etc. The District petitioned for rehearing, which the Court denied. On December 15, 2020, Plaintiff filed a motion seeking fees, costs, and interest in the amount of \$176,088.86, which is under consideration. This amount includes the \$65,241 the Court previously awarded.
 - d. Costs Assessed: \$66,121.90 has been assessed, but given the remand, the number will increase.
- a. Case Name/Number: *Friends of McMillan Park v. District of Columbia*, (DMPED), Civ. No. 16-2373B

 - c. Disposition of Case: Open. The District produced an additional 378 documents (1601 pages) on January 13, 2017. The District filed a motion for summary judgment, which the Court granted. Plaintiff appealed. The Court of Appeals upheld summary judgment for the District, and Plaintiff's appeal regarding the trial court's denial of his petition for attorney's fees remains pending.
 - d. Costs Assessed: None to date.
- a. Case Name/Number: *Ronald Robinson v. MPD and Cathy Lanier, Chief*, (MPD), Civ. No. 17-789B

- b. Exemption(s) Claimed: D.C. Code § 2-534(a)(3) (investigatory records).
- c. Disposition: Closed. The Court denied the District's first motion for summary judgment on November 7, 2018. The District then produced the requested investigation file, subject to redactions to protect the privacy of individuals involved in the investigation. Plaintiff objected to those redactions, and the District responded. The District again moved for summary judgment in February 2019. On December 27, 2019, the Court granted the District's motion in part as to the sufficiency of the redacted investigatory file, but held the parties' objections concerning the production of crime scene photographs in abeyance and directed the District to submit an affidavit concerning the photographs. The Court held an evidentiary hearing on March 16, 2020, about the District's production of photographs and ruled that the District's redactions and withholdings of the photographs were permissible. The Court then granted the District's motion for summary judgment and overruled Plaintiff's objections in their entirety on April 20, 2020.

- b. Exemption(s) Claimed: D.C. Code § 2-534(a)(2) (personal privacy); D.C. Code § 2-534(a)(6)(A) (information exempt from disclosure by statute with no discretion to the court)
- c. Disposition: Closed. Plaintiffs sought production of 24 Private Letter Rulings (PLR), which the Office of Tax Revenue, an office within the OCFO, issues in response to taxpayer requests for guidance on specific tax matters. The District moved to dismiss the Complaint on the basis that the PLRs cannot be disclosed under D.C. Code § 47-4406, which governs the secrecy of tax returns and tax information, and that therefore disclosure was exempt under D.C. Code § 2-534(a)(6)(A). The District also argued that the exempt information was not reasonably segregable from the non-exempt information. Defendant OCFO also moved to dismiss as *non sui juris*. The Court dismissed Defendant OCFO but otherwise denied the motion. The District moved for summary judgment on the same grounds as its motion to dismiss, and because the personal identifying information in the PLRs was appropriately withheld under the personal privacy exemption, D.C. Code § 2-534(a)(2). Plaintiffs filed a motion for *in camera* review of the PLRs. On January 13, 2021, the Court granted the District's motion for summary judgment and denied Plaintiff's motion for *in camera* review.
